#### 9.183. Degree Titles, Program Length, and Program Content.

(a) An academic associate degree may be called ~~[either]~~ an associate of arts (AA), ~~[or]~~ an associate of science (AS), or an associate of arts in teaching (AAT) degree.

(1) The associate of arts (AA) is the default title for an academic associate degree program if the college offers only one type of academic degree program.

(2) If a college offers both associate of arts (AA) and associate of science (AS) degrees, the degree programs may be differentiated in one of two ways, including:

(A) The AA program may have additional requirements in the liberal arts and/or the AS program may have additional requirements in disciplines such as science, mathematics, or computer science; or

(B) The AA program may serve as a foundation for the BA degree and the AS program for the BS degree.

(3) The associate of arts in teaching (AAT) is a specialized academic associate degree program designed to transfer in its entirety to a baccalaureate program that leads to initial Texas teacher certification. This title should only be used for an associate degree program that consists of a Board-approved AAT curriculum.

(b) Academic associate degree programs must consist of a minimum of 60 SCH and a maximum of 66 SCH.

(c) Except as provided in paragraph (1) of this subsection, academic associate degree programs must incorporate the institution's approved core curriculum as prescribed by Section 4.28 of this title (relating to Core Curriculum) and Section 4.29 of this title (relating to Core Curricula Larger than 42 Semester Credit Hours).

(1) A college may offer a specialized academic associate degree that incorporates a Board-approved field of study curriculum as prescribed by Section 4.32 of this title (relating to Field of Study Curricula) and a portion of the college's approved core curriculum if the coursework for both would total more than 66 SCH.

(2) A college that has a signed articulation agreement with a General Academic Teaching Institution to transfer a specified curriculum may offer a specialized AA or AS (but not AAT) [associate] degree program that incorporates that curriculum.

#### 9.184. Approval.

Public community colleges and the two public state colleges authorized to offer transfer programs may offer academic associate degree programs that conform to these guidelines without requesting specific approval from the Board.

#### 9.185. Reporting to the Board.

Contact hours for courses in approved academic certificate and associate degree programs at public two-year colleges and other public institutions providing certificate or associate degree programs must be determined and reported in compliance with Board policy as outlined in the Lower-Division Academic Course Guide Manual and state law.

#### 9.186. Disapproval of Programs; Noncompliance.

No funds appropriated to any public two-year colleges and other public institutions providing certificate or associate degree programs shall be expended for any academic associate degree program that is not in compliance with these rules. Existing academic degree programs must be brought into compliance by August 1, 2004.
